Letter No. C. 1467 L.B./24-25, dated 22nd September 1925 from the District Board President, Mysore, to the Senior Surgeon in Mysore Bangalore.

I have the honour to state that the subject of constructing an in-patent ward to the Malavalli Dispensary was referred to the District Board of Mysore at the District Preliminary meeting of the members of the Dasara Representative Assembly held on the 16th August 1924. It was resolved by the District Board at their meeting on the 10th January 1925 that the provision of an in-patients ward with at least two beds was necessary.

The matter was referred to the Town Municipal Council of Malavalli which resolved on 9th March 1925, that the construction of an in-patient ward was necessary and that a contribution not exceeding Rs.1,000 might be made from its fund.

The subject was again placed before the District Board at their meeting on the 12th September 1925 and their resolution is appended in the margin.

35. Malavalli Municipal Council President's report No.139 submitting the Council's resolution agreeing to bear its quota of the cost for the construction of a ward to the Malavalli Dispensary for the convenience of the sick.

RESOLUTION.

The District Board is also willing to bear its quota. The Government be moved to sanction the construction of an inpatient ward at Malavalli.

As the District Board of Mysore and the Town Municipal Council of Malavalli are both willing to bear their respective quotas, I request that sanction of Government may kindly be obtained to the construction of an in-patient ward to the Local Fund Dispensary at Malavalli. It may also be mentioned here that this subject was again brought up at the District Preliminary meeting of the Representative Assembly members held on the 15th August 1925. Arrangements will be made for placing the District Board and Municipal quotas at the disposal of the Public Works Departments after the proposal is sanctioned by the Government.

I am sending a copy of this letter to the Executive Engineer, Mysore Division for kindly getting up an estimate and plan for the purpose.
